- Added a notification when there are no licenses available. [RNDVSM-51294]
- Fixed Queue buttons. [RNDVSM-51219]
- Fixed Layer buttons not displaying user-created images. [RNDVSM-51412]
- Fixed panel buttons occasionally rendering empty after a vsmStudio failover.

Software-Download

The latest VSM software release versions can be downloaded from the Lawo Download Center @ <https://lawo.com/lawo-downloads>.

As always, **before updating, backup your system and refer to the changelogs/release notes** of each component to see if your system can be updated. Please also make sure to check and understand all changes, as well as any known issues that may be stated in the changelogs. A backup of the VSM directory is recommended before upgrade.
